### **Space & Naval Warfare Systems Center Awards Contract**

SAN DIEGO -- Computer Science Corporation, San Diego, is being awarded a \$16,641,732 indefinite delivery/indefinite quantity type contract with cost-plus-fixed-fee pricing for engineering services and technical support for Information Systems and Network Technology programs. Existing systems/programs to be supported include, but are not limited to, the Low Level Serial Switch (LLSS), High Speed Digital Switch (HSDS), Local Area Network (LAN) development site, electromagnetic pulse (EMP), and fiber optic communication systems. This contract contains two one-year option periods, which if exercised, will bring the total cumulative value of the contract to \$27,994,824. The work will be primarily performed in San Diego. The period of performance is from date of award through one year thereafter with option years following sequentially (if exercised). This contract was procured under full and open competition, 78 firms solicited and two offers received. The Space & Naval Warfare Systems Command (SPAWAR) Systems Center San Diego is the contracting activity (N66001-97-D-5007).
